

EARTH WISDOM TEACHINGS

Day courses in the ancient ways of these lands.

Working with the Celtic Wheel of the Year, Shamanic Journeying and Druidic Lore we will travel through the year in eight individual day courses.

Come to single days or a whole-year journey.

Gathering on the land as well as inside, we will be connecting with herbs, plants, trees and animals to find their teachings and uses.

- *Learn how your ancestors lived and responded to everyday problems in ways nowadays forgotten.*
- Improve your abilities to ground yourself into the rhythms of the land

Prices kept low to make this day accessible to all – refreshments and a light lunch are included.

Places limited to 20 people to ensure a relaxed environment.
